ENGLISH    SPANISH

## WORK EXPERIENCES

**2022** DATA SCIENTIST

Atrium Health-Wake Forest Baptist
I worked with the 340B and specialty pharmacy teams to improve revenue while also improving patient outcomes. Designed new, and improved existing, dashboards to demonstrate quality improvement and milestone completion for the residency programs at Wake Forest Medical School.

**2016** PHARMACY SUPERVISOR

Atrium Health Pineville Rehab
Atrium Health University City
Acted as director of pharmacy as needed
Assisted in planning of new/revised pharmacy services based on new innovations
Assessed and improved pharmacy services
Made decisions regarding employment, promotion, discipline of direct 15 reports

**2008** STAFF PHARMACIST

I participated in pharmaceutical care through staffing and reviewing physician orders for appropriate drug therapy. I was a drug information resource for healthcare providers. I served in a charge pharmacist role and was responsible for all patient care operations and problem-solving during the overnight shift.
